2. Emergency CIP for the GMHA (P.L. 38-59)	<p>We also wanted to highlight several items on this list. As mentioned earlier, the \$5 million allocated for the electrical panel is funded through Public Law 38-59, the \$40 million supplemental appropriation. To clarify, this \$5 million is not for purchasing the main electrical panel itself. As Dr. Joleen Aguon explained during Monday's public hearing, this is part of our collaborative effort with GPA to address the hospital's most immediate electrical infrastructure needs. This includes replacing the automatic transfer switches and motor control centers, which will help stabilize our current electrical system. We are also replacing our existing generators and procuring an additional unit, giving us two 160-megawatt generators.</p> <p>This ties directly to Item 2 under our Emergency CIP, which is also funded by Public Law 38-59. Of the \$40 million supplemental, \$30 million was used to pay down accounts payable, while the remaining \$10 million is divided equally between (1) electrical upgrades and (2) IT infrastructure needs.</p>	<p>Assistant Administrator of Operations - Rodalyn Gerardo</p>	None	Informational
3. 5-Year Capital Improvement Plan	<p>Regarding our five-year CIP plan, we are currently reconciling and updating the plan based on deep-dive assessments of our critical hospital projects. Once finalized, we expect to present the updated version to the Facilities, CIP, and IT Subcommittee next month, followed by presentation to the full Board of Trustees.</p>	<p>Assistant Administrator of Operations - Rodalyn Gerardo</p>	None	Informational

	One of the conditions requires GMHA to submit our Risk Management Plan to HHS for review. The submission was completed in July 2025, and on September 25, 2025, HHS formally notified us that our Risk Management Plan was acceptable.			
	The next step is to finalize and officially adopt the Risk Management Plan within 60 calendar days of HHS's approval.

<p>E. Finance and Audit</p> <p>1. FY2026 Budget Update</p>	<p>The FY2024 audit is now complete, and we received an unmodified, clean opinion for the fiscal year 2024 financial statements.</p> <p>For FY2024, the hospital recorded a net loss of \$10.3 million and an operating loss of \$83.7 million. This means that the hospital's day-to-day operations resulted in an \$83.7 million shortfall, which was then offset by various funding sources, including approximately \$71.3 million in transfers from the Government of Guam.</p> <p>Our total revenues of \$139.8 million appear consistent with prior projections, which is reassuring from a trend analysis standpoint. Looking ahead, our goal is to continue narrowing the operating gap—we do not want to see another \$83 million deficit. Ideally, we would like to reduce that to around \$40 million.</p> <p>Regarding the Report on Compliance and Internal Controls, there were no material weaknesses identified in our internal control over financial reporting, which indicates that staff are generally adhering to required procedures.</p> <p>There were, however, two audit findings:</p> <ol style="list-style-type: none"> <li>1. Suspension and Debarment during the sample review, some procurement files were missing the standard certification confirming whether a vendor had been suspended or debarred. This issue was promptly corrected once identified.</li> <li>2. Procurement finding stemmed from a technical disagreement between Government of Guam procurement law and federal procurement requirements, especially in the context of ARPA/COVID-related funding in 2024. Notably, legislation enacted after the audit period increased our small purchase threshold to \$500,000 (or \$250,000, depending on category). Had this law been in effect during FY2024, the</li> </ol>	<p>Chairperson Finance &amp; Audit</p> <p>- Trustee Melanie Mendiola</p>	<p>None</p>	<p>Informational</p>

3. Res. No. 2026-07, Relative to Approval of Payment Authorizations by Salaried Hospital Employees as Bank Accounts Signatories,	Trustee Mendiola motioned, and it was seconded by Trustee Dr. Damian-Borja to approve Resolution No. 2026-07 as presented. The motion carried with all ayes.	All Trustees	None	Approved
F. Governance, Bylaws, and Strategic Planning	<p>The Bylaws, Board Orientation, and the Board Self-Assessments have been completed. We are now revisiting our strategic planning process to determine whether it is time to refresh the plan or if the current framework still adequately guides our work.</p> <p>As part of our standing board reports, I recommend that we regularly track our CIHQ accreditation efforts. A request was made for Ms. Danielle Manglona to prepare an update either monthly or every other month—depending on the pace of progress—that would be helpful. In particular, we would like ongoing updates on the tracers and the findings within each operational area.</p> <p>We also need a standing report for CMS updates. The CMS survey update included in our board packet was helpful, and as noted, some of the findings are relatively straightforward to resolve, while others will require more extensive effort. Nonetheless, there are a significant number of findings across both GMH and SNU. Many relate directly to opportunities to reduce patient risk, especially in infection control, and I believe that continued progress toward accreditation, combined with addressing the CMS findings, will meaningfully reduce those risks.</p>	Chairperson Gov, Bylaws & Strategic Planning Trustee Dr. Teresa Borja	None	Informational

	<p>An area primarily focused on is the development of a plan for our Electronic Health Record (EHR). The front office met with Dr. Ricardo Eusebio and our IT lead, Mr. Manny Gabriel, to explore options, and we discussed Epic Community. Epic Community—Epic's direct-build model—offers a substantial discount for the U.S. territories to adopt their system. They have also confirmed that servicing Guam poses no issues.</p> <p>Dr. Aguon will follow up on the next scheduled meeting. Their preliminary outline indicates a 13-month timeline from planning through implementation and go-live. We are awaiting a formal proposal, and the model under consideration is a shared license structure with other territories, including the U.S. Virgin Islands.</p> <p>If Governor Lourdes Leon Guerrero is able to move this forward, the licensing arrangement would not be limited to GMHA. It could include DPHSS, GDOE, DOC, GBHWC, and potentially other agencies—creating a unified platform with the possibility of extending licenses to the broader community.</p>	<p>Interim Hospital Administrator/CEO - Joleen M. Aguon, MD</p>	None	Informational
<b>VIII. PUBLIC COMMENT</b>				

	<p>Senator Sabrina Salas Matanane expresses her appreciation for the hospital's transparency and continued collaboration. She looks forward to hearing more about the \$10 million savings plan within the next 60 days, as required under the Resolution for Reduction in Force to evaluate deficiencies and optimize operational efficiencies. As was mentioned earlier, this effort is both bold and necessary.</p> <p>She also stated that she is committed to supporting the work ahead on the Capital Improvement Projects, the EHR initiative, and any other priorities that move the hospital forward. Please rest assured that whatever you need—whether coordination with the Attorney General's Office, policy development, or other support—I am standing by and ready to assist.</p> <p>Just as an update: in the upcoming November 2025 legislative session, Senator Sabrina Salas Matanane plans to advance her two bills that would provide a combined \$27 million to GMHA. This includes \$19 million from the GEDA bond refinancing savings and \$8 million in unallocated pharmaceutical funds that have been owed to GMHA from FY2018 through FY2023, based on audited figures.</p>	38 <sup>th</sup> Guam Legislature - Senator Sabrina Salas Matanane	None	Informational
