GMHA Participates in Relay for Life to Support Cancer Fighters and Honor Those Lost

(Sunday, November 16, 2025; Tamuning, Guam) The Guam Memorial Hospital Authority (GMHA) participated in this year's Relay for Life event, demonstrating their support for individuals currently battling cancer, celebrating those who have overcome it, and remembering those who have lost their lives to the disease.

"Our hospital has a deep connection to this cause. Not only through our commitment to providing healthcare to those affected by cancer, but also through our dedicated staff who have fought or continue to fight cancer themselves, and through the family members within our team who have been impacted by it," said Interim CEO and Administrator Dr. Joleen M. Aguon.

The GMHA team for this year's event was organized by the hospital's Nursing Department.

"We extend our heartfelt thanks to Team GMHA for their support and participation in this meaningful event," said Governor Lou Leon Guerrero. "As frontline heroes and as loved ones who have been personally affected, you truly understand the importance of this cause."

Lieutenant Governor Josh Tenorio also expressed his appreciation, stating, "Community events like Relay for Life, and the involvement of Team GMHA, highlight how our hospital is the heart of our island."
